

Wet Riser Outlet 10905604

Wet riser vertical outlet cabinets are designed for easy access to the wet riser valve. The cabinet has a 38mm surrounding flange and is available in red RAL3002 or in Stainless Steel (10905604SS) finish. 10905604 cabinet is painted with Epoxy RAL3002 powder paint with UV protection to prevent colour fading. The cabinets have a wired Georgian glass door complete with a slam shut lock and stainless-steel piano hinge.

Designed and manufactured in accordance to BS5041 Part 4.

For outdoor Application we recommend Stainless Steel cabinets.

Suitable for LK wet riser globe landing valve 65mm / 2 1/2" Horizontal, Oblique, Bib nose and right-angle pattern.
