

990207480 Sounder Beacon 17-60v DC

The 990207480 is an electronic sounder and beacon for fire, security and industrial applications; the Sounder Beacon is certified to EN54. With the TimeSaver base, connections are made to the base during the initial wiring phase which results in faster and more reliable installation. The sounder head 'twists and clicks' into the base on commissioning, avoiding the wiring and connection problems associated with traditional sounders. With a choice of 32 tones including all the major international standards.

Technical Specification

Rating	IP65
Dimensions	104 x 97mm diameter
Conduit connection	2x 20mm Cable Gland
Voltage	17-60vDC
Apprval	EN54 3 Type B
Sounder	94 TO 106 Db at 1m
Ambient Temperature	-25°C to 70°C
Weight	0.25kg

Features

- Simple 'First Fix' installation
- Low current LED beacon
- Can be linked together for simultaneous control
- Tones x 32
- High Impact Polycarbonate construction
- Flame Retardant
- Weatherproof to IP65
- Sounder and beacon can be controlled separately
- Tone and volume can be preset or adjusted off-base - 20dB
- Separate connections for sounder & beacon
